Profile

Aspiring Javascript Developer graduating from IT-Högskolan, I am eager to launch my career in the IT industry. At 33, I blend academic training in technologies like HTML, CSS, Javascript, React, and Angular with real-world experience from internships at Ploteye and RR Consulting. My background in construction has fostered a strong work ethic and adaptability, essential for thriving in dynamic tech environments. I am dedicated, a quick learner, and passionate about development, seeking opportunities to contribute and grow.

Work Experience

- **2024 RR Consulting and software AB Frontend development with angular (on going)**

  My role in RR Consulting and software AB was as a frontend developer. Our team consisted of various roles including a Product Owner, Scrum Master, QA Engineers, and others who reported to an Engineering Manager.

I primarily worked on creating login and password reset functionalities, and prepared the system for AI integration. Additionally, we acted as UI/UX designers, creating wireframes and handling other design-related tasks.

The project primarily utilized Angular interfacing with a C# .NET database. We also implemented role management for four distinct roles: ChatUser, Candidate, Recruiter, and MMS-User.

Specific achievements included:
Fully functional login and registration with secure reset password functionality.
Preparation for future AI integrations.
Responsive and user-friendly design using Bootstrap and Font Awesome.
Effective management of asynchronous operations and data flows with RxJS.
Documentation and API testing using Swagger.
Implementation of role management supporting ChatUser, Candidate, Recruiter, and MMS-User.

Tech-stack included:
Angular, RxJS, TypeScript, Bootstrap, Font Awesome, Figma for design, Markdown, Swagger, JWT Tokens, Docker, .NET C#
Methodology involved Trello for task management and Scrum for project management.

- **2023 Ploteye (LIA 1) - Frontend development with react.**

- **2016 Clipper Ab - Construction work building houses.**

- **2014 Inreco - Building Furniture for diffrent companies.**

- **2013 Abbes -Allservice, Construction work.**

- **2012 Adecco - Rental Staffing for diffrent companies.**

- **2010 - 2011 U-V PlattSättning & Service ab - Internship.**
